Trees are good places to live.

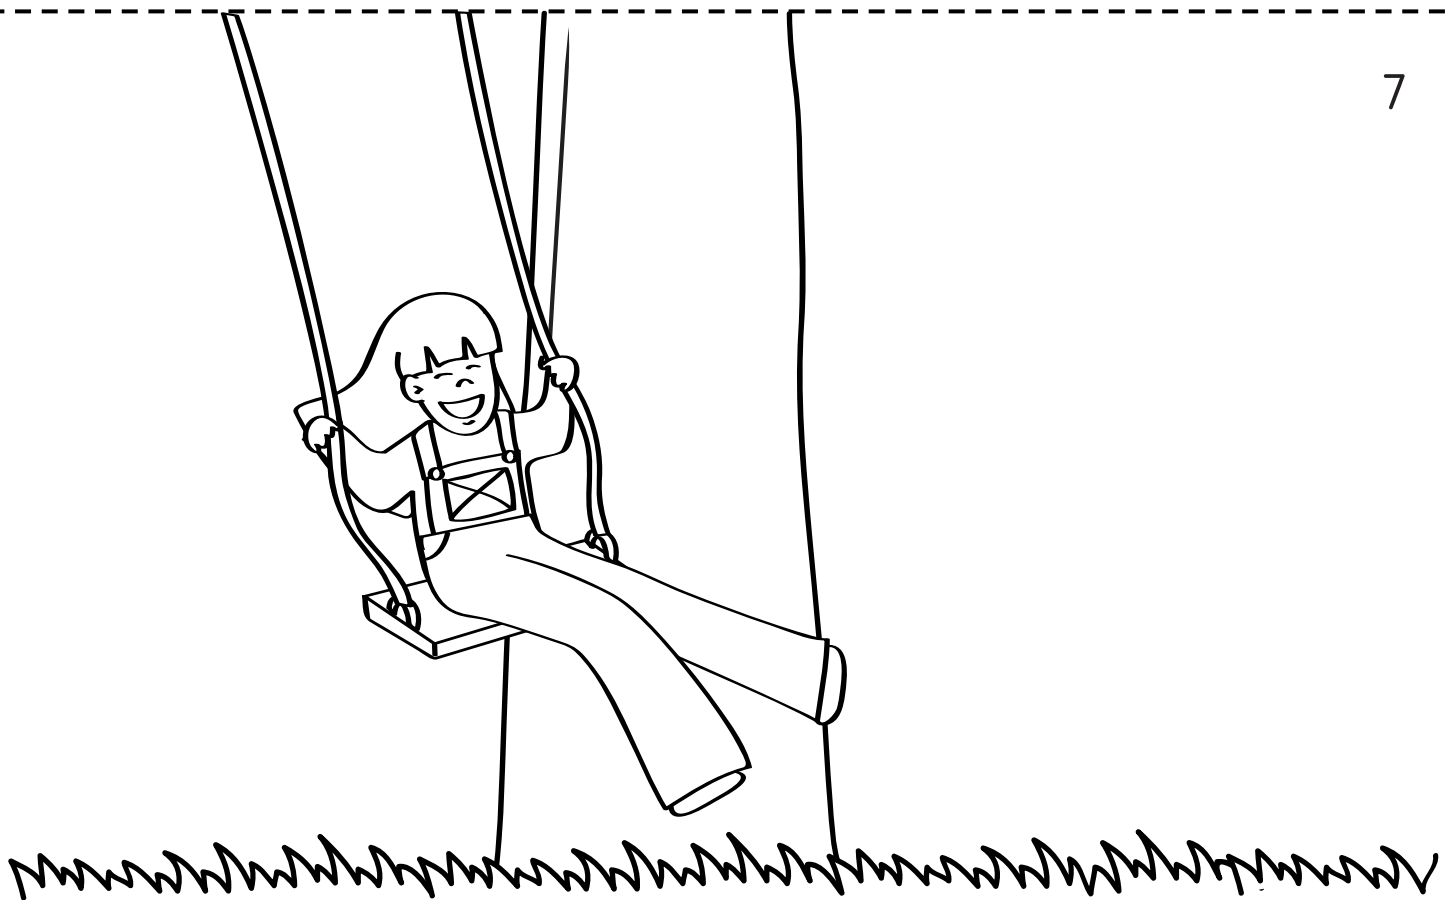

Birds build nests in trees.
Squirrels live in holes in trees.
Insects also live in trees.

Trees are good places to rest.

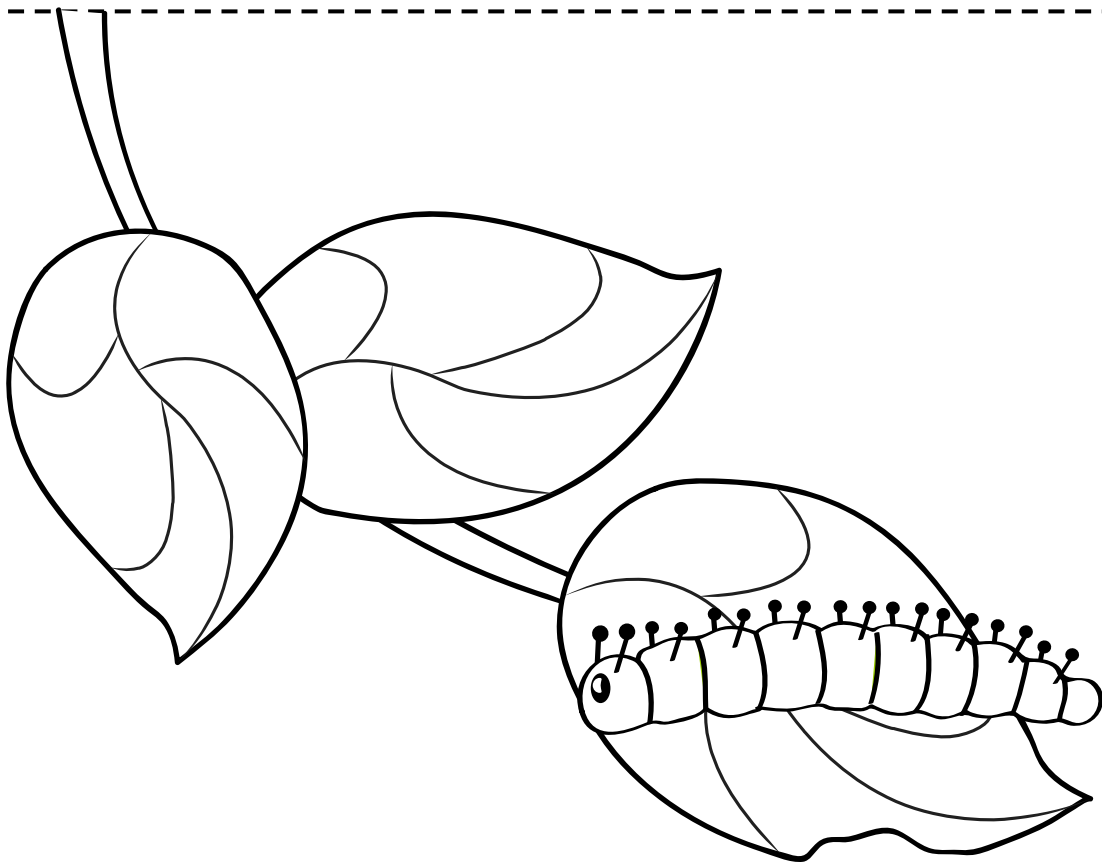

Trees give us shade, so we can read or take a nap under the trees.

Trees are good places to play.

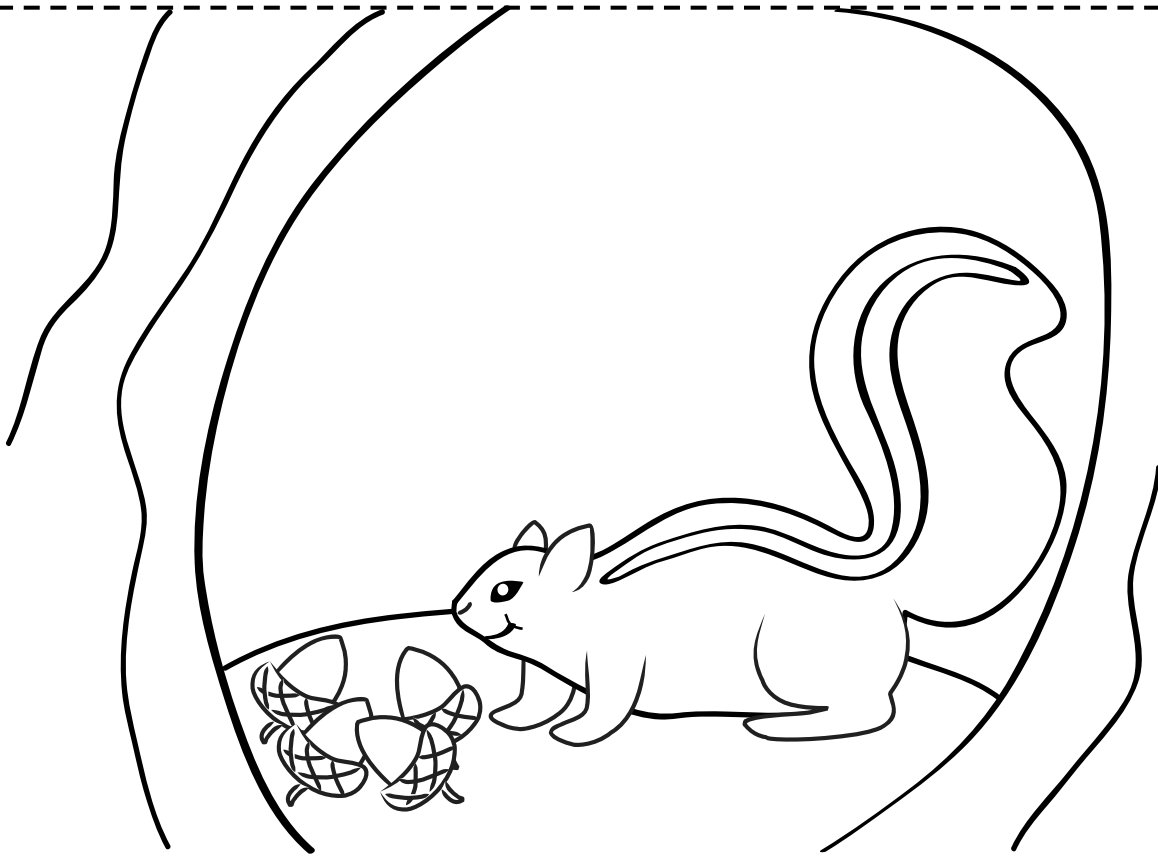

We enjoy swinging.

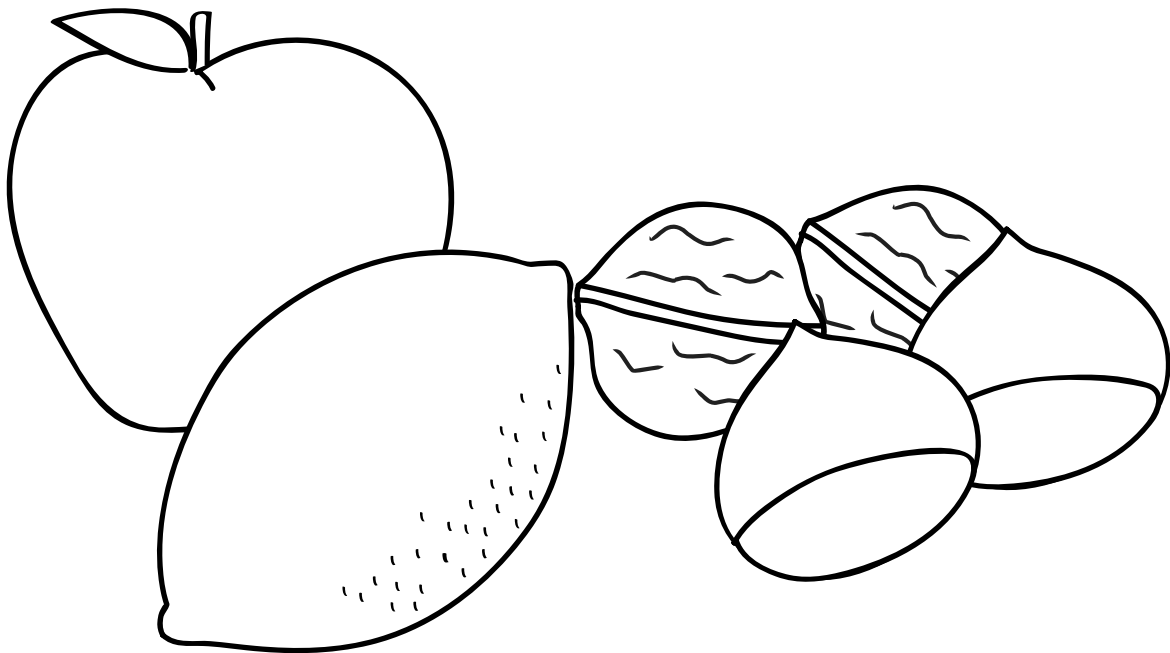

Trees have things to eat.

Caterpillars eat leaves.

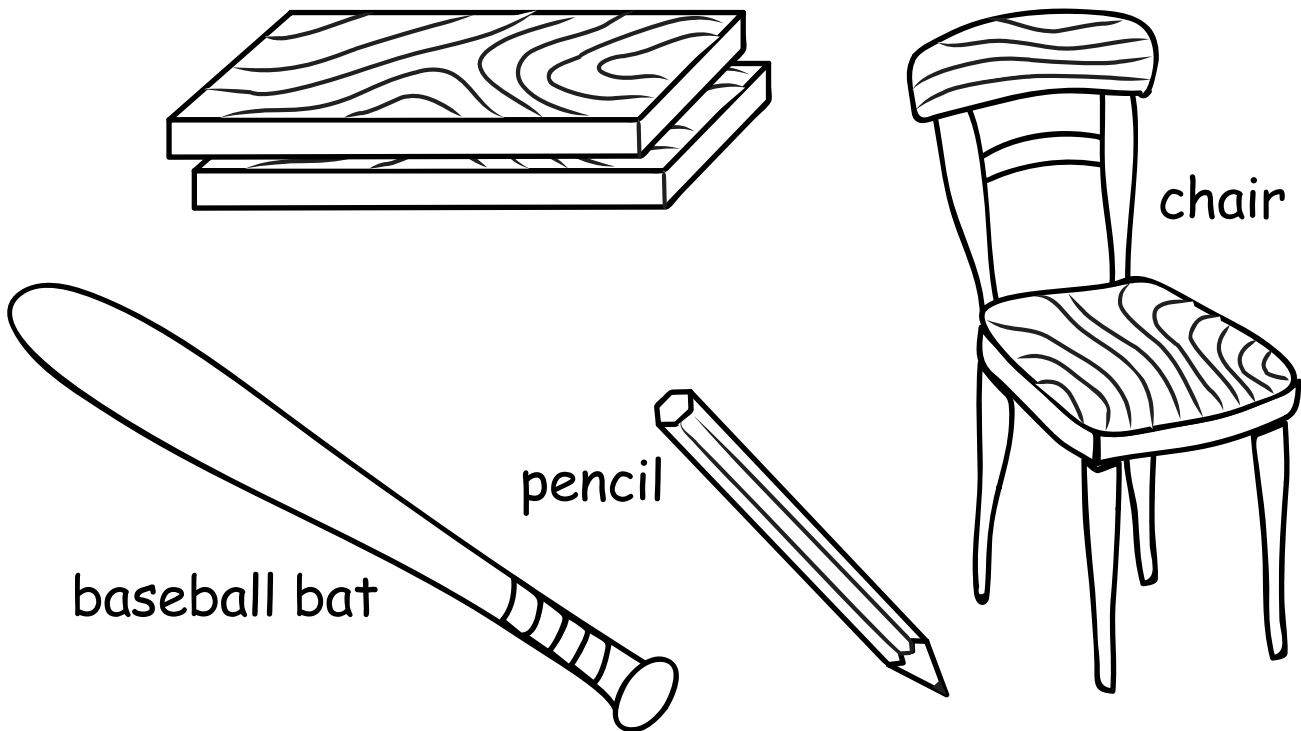

Squirrels gather nuts to eat.

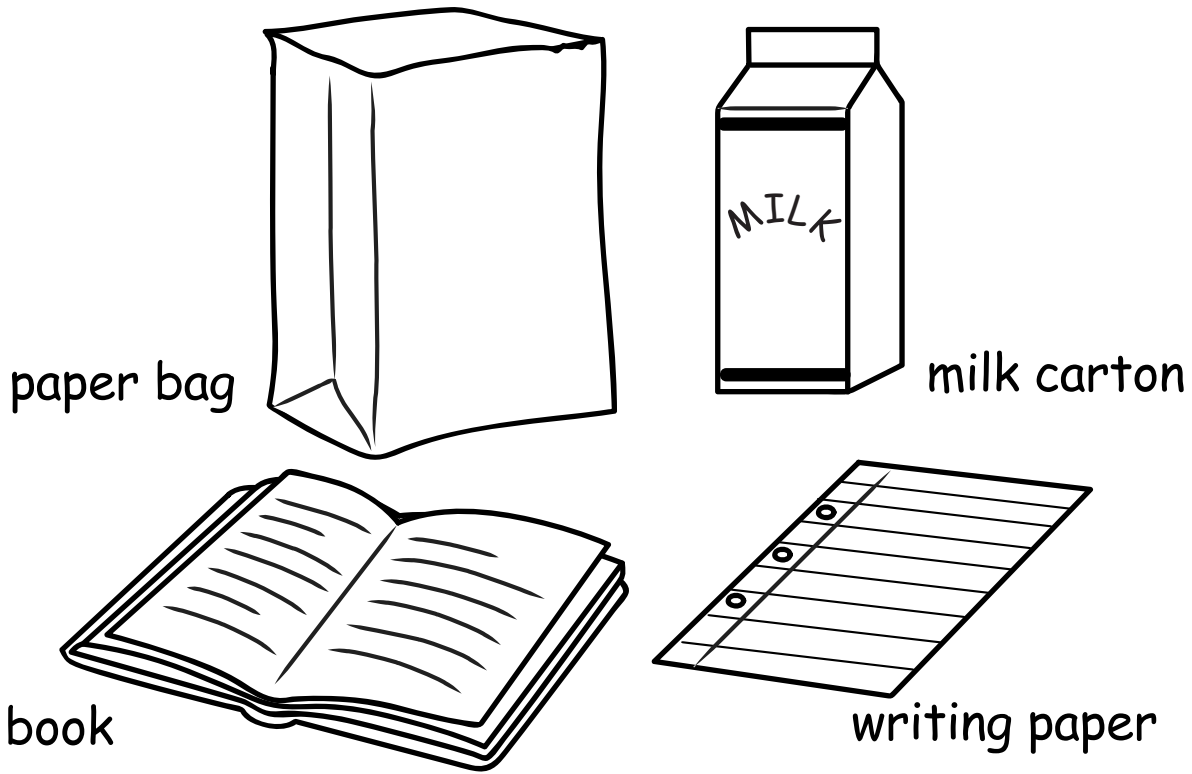

We get fruits and nuts from trees.

Trees are very useful.

Wood comes from trees.

We have many wooden things around us.

We also make paper from trees.

Trees are terrific.
