People need water.

We drink water every day.

Plants need water.  
Water helps them grow.

---

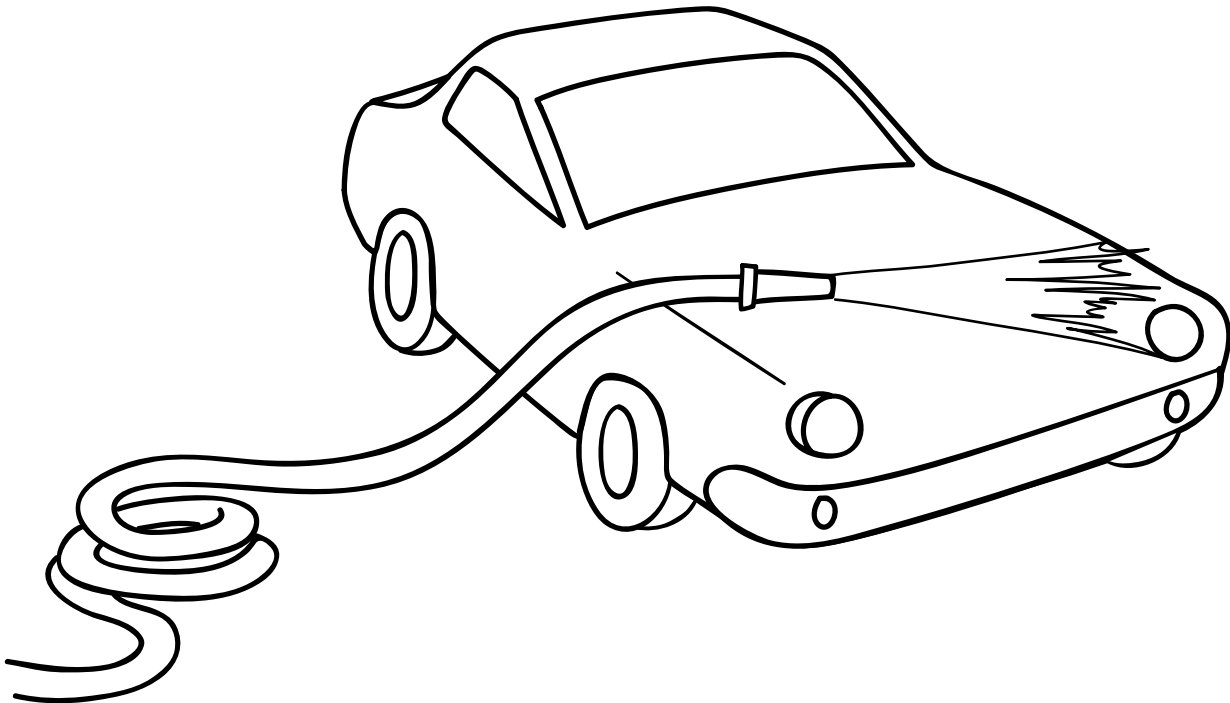

All animals need water, too.

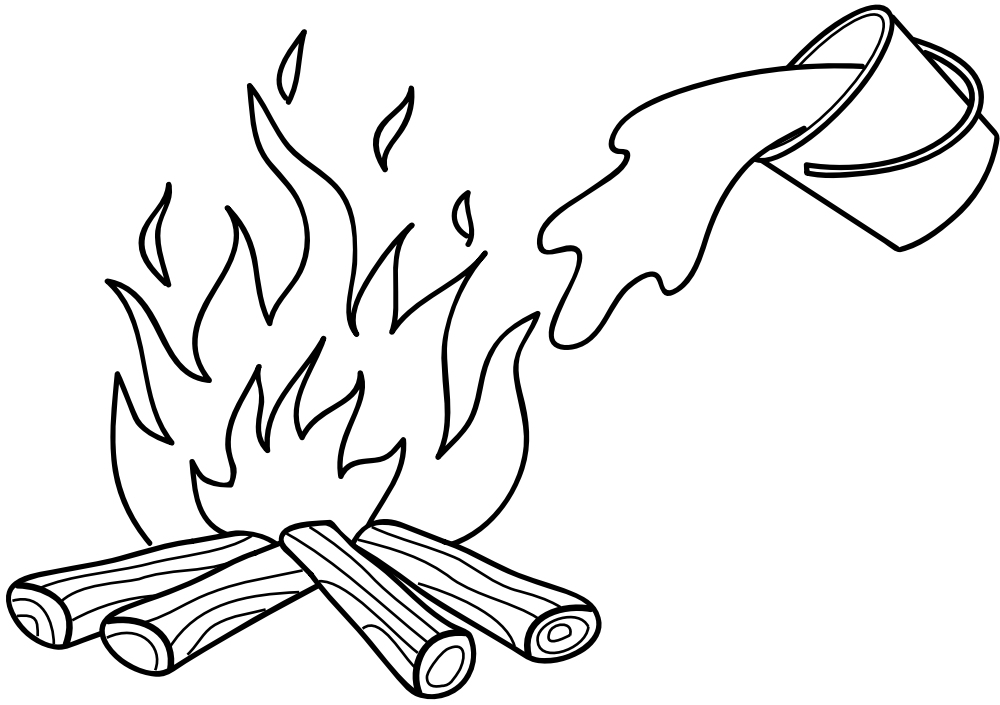

---

Water is used to wash ourselves.  
We take a bath with hot water.

Water is used to wash things.  
We clean dirty cars with water.

Sometimes we need water to  
put out fires.

---

We can have fun in water.

---

Water is useful in many ways.
